CG5=USCG Jointly Trained Boarding Officer Course-32 Students, 2 Host Nation instructors
MMSC=USCG Model Maritime Service Code Seminar-15-30 Students

Long Term or continuous presence Training Teams operate in country for intervals of 90 days each. Each four man team has expertise in all facets of USCG law enforcement operations and some support skills such as boat handling, engine repair and maintenance and logistic support. These teams work on a daily basis to develop host country capability to carry out maritime law enforcement and the infrastructure necessary to become self-sufficient. A recent success story is the Waterways school in Bolivia. Presence in Haiti and Colombia are increasing in FY96 and are projected to continue through at least FY97.
